

# Well Child Checks: Growth, Development, and Safety, Oh My!

Wednesday, November 13, 2024  
Time: 12:00-1:00 p.m.

## Topic:

Early childhood assessment and intervention are crucial to a great start. This webinar provides an overview of screening and intervening in a child's developmental progress.

## Presenter(s): Krishnan Subrahmanian, MD, MPhil, FAAP

Dr. Krishnan Subrahmanian is a primary care pediatrician and hospitalist at Hennepin Healthcare and an Assistant Professor of Pediatrics at The University of Minnesota. Additionally, he serves as the Chief Medical Officer of Hennepin Health, the state's only county-owned, state-certified health maintenance organization. A former high school teacher, Dr. Krish trained in Pediatrics and Global Health, serving with the Baylor International Pediatric AIDS Initiative in Botswana and South Dakota. He is the co-author of the text *Global Child Health* and previously served as the Co-chair of the Admissions Committee at the University of Minnesota School of Medicine. Most importantly, he trains daily in pediatrics as the father of three little ones.

## Who should participate/Audience:

Health care providers, nurses, public health, health educators, social workers, therapists, Community Health Workers, MCO team members, Doulas, and anyone interacting with children, birthing populations, and families.

## Objectives:

- Increased ability to identify major categories of screening accompanying well-child checkups.
- Increased ability to articulate strategies to support families in support of development
- Identify new opportunities for screening children.

**CEU** - Participants should contact their relevant licensing board to determine if this program will meet continuing education requirements and CEU values.

This webinar is free, but space is limited.
