

## Your Partner in Rural Health Transformation

Through decades of experience working with a wide range of rural health care organizations and engaging partners at local and national levels, Stratis Health knows how to improve rural health effectively and efficiently. We are your trusted rural health partner!

**Our team** combines a deep understanding of the strengths and challenges of rural communities, while concentrating on the practical application of knowledge and skills to support meaningful advances in rural health and value-based care across a variety of topics, including:

### Strategic Planning and Program Development

Design and facilitate state-, program-, and facility-level needs assessments and strategic planning to support implementation of activities to transform health care delivery, access, and payment across public and private insurers.

### Implementation of Population Health Interventions

Provide training and technical assistance that enable organizations to apply quality improvement principles and technology solutions to improve population health and clinical infrastructure across a variety of topics, including prevention, chronic disease management, mental health, opioid use disorder, long-term services and support, and community resources.

### Community and Patient Engagement

Support the implementation of best practices for engaging patients and families in co-designing innovative, effective strategies to promote individual and community wellness, including building community coalitions and referral networks to ensure access to services aligned with individual and community needs.

### Increasing Access to Opioid Use Disorder (OUD) Treatment

Strengthening clinician, organizational, and community capacity to offer care and treatment for OUD by supporting implementation of medication for opioid use disorder in hospitals, emergency departments, clinics, jails, and other rural care settings.

### Improving Workforce Efficiency and Sustainability

Provide a structured approach and coaching to assist teams in prioritizing and addressing workflow challenges, focused on timesaving strategies and improving teamwork and communication to retain staff and clinicians while improving patient experience.

**We can partner with you to lead rural health transformation!**

Our rural health experts are ready to team up with you. For more information, please reach out to Karla Weng at [kweng@stratishealth.org](mailto:kweng@stratishealth.org) or 952-853-8570.
